Because of the termination of summer school programs, Torrance school playgrounds will now extend their daily hours of supervised activities to the morning hours, opening at 10 a. m. and closing at 5 p. m. Mondays through Fridays, beginning Aug. 5, the Torrance recreation department announced today.

Playground specials will continue to offer varied activities, including games and crafts, tournaments, field trips, story telling, movies and special events.

**Two Leading  
Ladies Slated to  
Play 'Gypsy'**

In an unusual show business twist, there'll be two leading ladies in "Gypsy," the musical saga of show business opening at Melodyland Theatre, Anaheim, on Aug. 13. Gisele MacKenzie plays the first week in the role created on Broadway by Ethel Merman. Patrice Wymore will pinch-hit for her during the second week, beginning Aug. 18. A previous commitment, in this case a top role in the new Sid Caesar network TV show, is forcing Gisele to fly to New York for rehearsals, foregoing her appearance for the second week of the show.

Lew Parker, famous night club stand-up comedian, will play the male role, "Herbie," opposite Miss Wymore and Miss MacKenzie. "Gypsy" is the fourth in the series of great musical comedy revivals in the 20-week summer-fall season arranged by co-producers Sammy Lewis and Danny Dare at Melodyland.

**TORRANCE ACES HIGH  
IN BRIDGE TOURNAY**

Bridge players from the Torrance area starred in the fifth day of competition of the 35th Summer National Contract Bridge Championships of the American Contract Bridge League at the Hotel Biltmore in Los Angeles. With an entry of 1,400 contestants, a one-session championship game, Donald Gilmartin, 21319 Budlong, and Wesley Murbach, Woodland Hills, won top score in their section, as did Elaine King, 2620 Apple, with Roger Newlander, Santa Clara.

The Tournament ended Sunday after nine days of competition, during which three major titles and a score of lesser championships were decided.

**AERONCA TELLS  
OF PROFITABLE  
1ST 6 MONTHS**

A profitable first half for 1963's operations was announced today by Aeronca Manufacturing Corp., 24751 Crenshaw Blvd.

S. L. Kuderer, Aeronca's president, said the firm had netted \$57,443 after taxes. This compares with an operating loss of \$610,932 for the same period last year, Kuderer reported.

He said part of the \$668,000 improvement over the comparable period was due to a non-recurring profit of about \$153,200. "We also have a concerted corporate-wide drive to reduce costs. This, too, has been successful," Kuderer announced.

The sales for the first six months totaled \$12,981,538, a slight drop from last year's \$14,262,048. The backlog for 63 has shown a steady increase however, with a present \$26,000,000 compared with \$14,000,000 a year ago — an increase of \$12,000,000.

In his six months report to shareholders, Kuderer wrote, "The sales figure is an interesting one, since it now represents a greatly varied product line with no one or two contracts dominating the sales picture. This diversification adds considerable strength and stability to our present and future."

"As an example, a recent award for the design and construction of two complete 60 foot antenna systems for the Navy places Aeronca firmly in the prime systems contract area which, in itself, is a decided move forward."
